## EARINGS WILL BE CONCLUDED IN MER ROUGE MURDERS

### Threatening of State Witnesses May Bring Martial Law

(By The Associated Press) BASTROP, La., Jan. 24.—With troops on duty in Morehouse parish in connection with the state's investigation into the activities of hooded men scheduled to depart immediately and with the hearings expected to be concluded tomorrow, Adjutant General Tombs arrived here today with a message from Governor Parker to leaders of the Ku Klux Klan and officials of the Parish. It was learned on good authority that if any of the state's witnesses were threatened between the conclusion of the hearing and the meeting of the grand jury, martial law would be declared.

Testimony from the hearing will be presented to the grand jury which will meet about March 1. General Tombs, refused to deny or confirm the report declaring Governor Parker rather than himself should be the one to discuss it. The only reference he would make to troops was that the cavalry units on duty at Mer Rouge and Bastrop and the four automatic rifle men here would remain home either tomorrow or Friday.

The hearing, which was to have been concluded today, struck a snag when the last witness summoned and regarded as one of the most important telephoned that because of illness, it would be impossible for him to arrive before tonight.

The absentee is the "mystery witness" who has been widely discussed here. He is Leon L. Jones, a traveling salesman of Mosselle, Miss., who is expected to testify regarding the last known movements of the hooded kidnappers of Watt Daniel and T. F. Richard, the bodies of whom were found in Lake LaPoudre on Dec. 22.

Mr. Jones, according to officials was traveling thru this section of Louisiana when his automobile broke down the night of August 24 and left him stranded on the Oak Ridge—LakePoudre highway near the lake. It was on this date that Daniel and Richard were kidnapped near Bastrop.

The salesman it is said later told Marshal Mott, a student at the University of Mississippi that while in his disabled car an automobile truck containing several masked men and two others who apparently were prisoners passed him bound toward the lake.

Some time afterward, it is said he will testify the truck with the hooded men but without the prisoners, returned, bound in the direction whence it came.

Riordan Important Witness H. H. Riordan, general manager in the Monroe district for the Southern Carbon company was regarded as the most important witness today.

Mr. Riordan brought into court the time book kept by Harold Teegerstrom, missing timekeeper of the company's plant at Spyker, payrolls made up by Teegerstrom and cancelled checks paid to employees during the period from August 16 to 31, last.

T. J. Burnett, former deputy sheriff of Morehouse parish and an employee of the carbon company it has been testified by several witnesses was recognized as one of the hooded men who kidnapped Daniel and Richard.

An employee of the Spyker plant has testified that Burnett was at work the night of August 24, and it was expected that the time book, payrolls and checks would settle the question. The time book showed Burnett working and according to the totals it showed that he had earned \$62.33 during the half month period. The amount earned in that time according to the payroll was \$62.40. Mr. Riordan could not explain the discrepancy.

Examination of the check issued to Burnett showed that it was for \$62.40, corresponding with the payroll.

There appeared to be an erasure opposite Burnett's name on the payroll and Mr. Riordan's attention was directed to it by the examining attorney. He asked if it did not so appear to him.

"It appears that it is," was the reply.

## ROCKEFELLERS NOT STOCKHOLDERS IN INDIANA COMPANY

Names Do Not Appear in List Submitted to Stewart

(By The Associated Press) WASHINGTON, Jan. 24.—The senate oil investigating committee was informed today that neither John D. Rockefeller, Sr., nor John D. Rockefeller, Jr., owned any stock in the Standard Oil company of Indiana.

Robert W. Stewart of Chicago, chairman of the board of the Standard Oil of Indiana, presented a list of stockholders owning one per cent or more of stock in his company. This list did not show the names of either of the Rockefellers and brought from Gilbert E. Roe, the committee attorney the comment that "this is the first Standard Oil company we have examined in which John D. Rockefeller, Jr., does not appear as one of the largest stockholders."

Mr. Roe asked why this was, but Mr. Stewart didn't know and was unable to say how the younger Rockefeller disposed of any stock he might have held in the company after the dissolution effected in 1911.

Mr. Stewart was asked in detail as to the licensing by his company of its patented process for the cracking of oil distillates into gasoline known as the Burton process and invented by William M. Burton, president of the Standard of Indiana. This process, Mr. Stewart said, had been licensed to about 18 companies under either one of two types of contracts, the older one of which provided that the Standard of Indiana should receive 25 per cent of all the profits made from products of the process.

The newer type gives the Standard of Indiana four tenths of one cent a gallon on all material put into the still in which the process is used. The witness denied the suggestion of the committee attorney that the Standard of Indiana licensed its patented process only to Standard companies.

"We have taken special pains," said Mr. Stewart, "to offer this Burton process to all the people in the oil industry in the country."

Testimony was given showing that the Standard of Indiana received from licensing of the Burton process \$2,387,000 in 1920, \$2,827,000 in 1921, and \$3,247,000 in 1922.

## WEATHER MAN SAYS CHICAGO IS BEST RESORT IN NORTH

Windy City Has Had Balm Breezes During the Winter

(By The Associated Press) CHICAGO, Jan. 24.—Chicago this winter is the warmest winter resort in the north central states, according to temperature figures vouched for by the government weather bureau here. While the eastern states and the Rocky Mountain region have been swept by severe winter Chicago and the middle west have experienced a run of the mildest winters on record.

During the first 23 days for the year Chicago registered an excess temperature of 129 degrees above normal. During 1922 the excess reached 66 degrees and more than 70 degrees of the total was piled up during the last ten days of the year. The middle west has been practically free of snow storms this winter. Henry Cox, government forecaster here said today. "An occasional blizzard has moved in from the Ohio Valley but did not become severe until they reached the Atlantic states and joined other storms moving north along the coast."

## ENGLISH LABOR CONDEMNS POLICY

(By The Associated Press) LONDON, Jan. 24.—A joint meeting of the general council of trades union congress and the national executive council of the labor party has issued a manifesto condemning the government policy of inactivity in the face of the French policy in the Ruhr, expressing the solidarity of the labor party with the Ruhr workers and calling upon the government to adopt a policy of definite diplomatic intervention with the cooperation of the United States if possible.

The manifesto strongly advocates the evacuation of the Ruhr valley and reference of the question to the league of nations and withdrawal of the Franco-Belgian troops pending the league's inquiry.

## TURK'S ATTITUDE MAY BE PUT UP TO LEAGUE OF NATIONS

### British and Turks are Holding Tenacious-ly to Plans

(By The Associated Press) LAUSANNE, Jan. 24.—Great Britain's proposed appeal to the league of nations against Turkey on the ground that the Turkish attitude on the Mosul question threatens to disturb international peace was the subject of a long conference today between Lord Curzon the British foreign secretary and Sir Eric Drummond, secretary-general of the league. Both the British and the Turks were holding tenaciously tonight to their original positions.

No compromise appears possible. One of the other must break down.

Meantime a complete agreement was reached today on the problem of the exchange of population whereby the Turks in Greece will be moved to Turkey and the Greeks in Turkey who are Ottoman subjects will be sent back to Greece. The Turks have consented not to insist upon expulsion of the Greeks who retain their hellenic nationality and have also withdrawn their claims that the Western boundary of Western Thrace should be the Struma instead of the Mesta. Western Thrace like Constantinople is excluded from the general exchange. Another clash occurred today between the British and Turks over the men buried in Gallipoli. The Turks announced that the cemeteries of the British dead must be made smaller. They were willing they said to discuss the laying out of new cemeteries elsewhere than in Gallipoli.

The British delegates characterized this demand as an insult saying that British forces now occupied Gallipoli and would continue to occupy it whatever happened, until assurances were received that their soldier dead would remain undisturbed.

The allies have abandoned their demand and the expenses of the occupation of Turkey and have reduced the reparations bill 15,000,000 pounds sterling.

## HARDING MAY BE AT DESK TODAY

(By The Associated Press) WASHINGTON, Jan. 24.—President Harding may be expected to be at his desk in the executive offices tomorrow for the first time since he was taken ill with the gripe more than a week ago.

If fair weather prevails, Brigadier General C. E. Sawyer, the white house physician said tonight. The president would have been at his office today he added, except for the inclement weather.

Mr. Harding attended to several matters today in his study, signing the nomination of Judge Edward T. Sanford of Tennessee to be associate justice of the supreme court and nominating a number of postmasters and some other federal officers. He also signed the interior department appropriation bill and some minor bridge bills.

## ONE DEFENDANT IS DISMISSED

(By The Associated Press) CHICAGO, Jan. 24.—William Broniarczyk, who with W. H. Miller, former director of the state department of registration and education and two other defendants was charged with conspiracy in the alleged sale of licenses was freed of the charge today when the state admitted that it had no evidence to connect him with the conspiracy indictment.

Witnesses for the defense were heard today. The defense attempted to impeach the testimony of Dr. Sam Foman, a witness for the state, who had testified that he had paid Miller \$9,500 to enable students to pass the state examination for licenses. Two students testified they had paid Foman \$175 and \$200 for his guarantee that they would pass the examinations but said they never had received licenses.

## FORMER HEAD OF FORGERS SENTENCED

New York, Jan. 24.—Former head of an international band of forgers and swindlers whose operations netted them hundreds of thousands of dollars, Charles Fischer, 70, fell a foul the law again today for substituting a brass slug for a nickel in a subway turnstile. He was sentenced to ten days.

Fischer, according to investigators has led a life of crime since 12 and has spent many years in prisons here and abroad.

## WOMAN 104 YEARS OLD DIES IN CHICAGO

Chicago, Jan. 24.—Mrs. Abigail 104, died today at her home. She was born in Holden, Mass., and lived for many years in Aurora, Ill.

## Premier Poincare In Daily Conference

(By The Associated Press) PARIS, Jan. 24.—Premier Poincare is continuing his daily conferences with the heads of the technical departments concerning the occupation of the Ruhr with reference to reinforcement of the contingents already there, which, it is said in official circles must necessarily be larger than at first contemplated because of German resistance.

Official figures place the number at present in the Ruhr district at about 45,000 troops, fifty French engineers and 12 Italian and 12 Belgian engineers. Others will be sent forward as rapidly as needed.

The necessity of concentrating the technical forces and guarding troops in the Ruhr under command is felt, and it is thought probable tonight by persons close to the premier that General Weygand, Marshal Foch's chief of staff, will be given supreme command with the title of high commissioner for the Ruhr.

M. Le Troquer, minister of public works who had a considerable part in organizing the engineers, probably will visit the Ruhr for a short period, so that he can make a first hand report to the cabinet. Reports are current that one of the most conspicuous steel manufacturers in France has been asked to go to Essen. This is taken to mean that M. Poincare is determined, if necessary to operate the works there as well as the mines, if the Germans continue to stand out.

The calling out of a section of the railroad workers on a special mobilization order is only the beginning of the task of strengthening the technical staff of the Ruhr. It is expected that other technical men will be summoned as soon as General Weygand and M. Le Troquer have decided just what is required.

The French public which was surprisingly indifferent to the operations in the Ruhr at the outset now is howling lively interest. It is thought, to the German resistance. A great many volunteers are importing the public works and war departments seeking a chance to do their bit.

The announcement of the entry of the French troops to the Ruhr produced no visible reaction, even the movie public watching the pictures of the entry apathetically but now they are cheering every time the French soldiers in occupied Germany are shown on the screen. It is said that M. Poincare has noted this change in the attitude of the public and feels that his hand has been strengthened thereby.

## AMERICAN WATCH ON THE RHINE CAME TO AN END WEDNESDAY

(By The Associated Press) Springfield, Ill., Jan. 24.—A delegation of 300 men from Macon, Christian and Montgomery counties called on Governor Small today and urged that a hard road from Decatur to Litchfield thru Taylorville along the "Wabash Trail" be included in the hard road program this year. The delegation included representatives from Decatur, Stoughton, Taylorville and six other towns along the trail.

## Last of U. S. Troops Will be Homeward Bound Today

(By The Associated Press) EHRENBREITSTEIN, Jan. 24.—The last of the American forces which have been keeping a watch on the Rhine since the signing of the armistice ending the world war are homeward bound. The Stars and Stripes were lowered from the famous Fortress of Ehrenbreitstein at noon today and this afternoon the troops boarded trains bound for Antwerp where they will embark on board the transport St. Michel which will leave for the United States tomorrow afternoon.

The eight infantry regiment which formed the principal American contingent entertained at Coblenz in two sections at 6 o'clock. The men were saluted by all the high allied officials.

The 15th French Infantry furnished the guard of honor and its band played the American and French national anthems as the trains pulled out. The populace of Coblenz, especially the women and girls were at the station to say farewell to departing friends. There was much weeping among the women folk and mutual promises between them and the home ward bound soldiers to meet again at the station, but the railway tracks beyond for a mile were lined with friends waving handkerchiefs and shouting farewells. Some of the townspeople went to distant suburbs to pay their last respects and others took the ordinary trains to Antwerp to renew there their farewells.

Both train loads of troops will reach Antwerp tomorrow morning.

## RETIREMENT OF HARBORD DISCUSSED

(By The Associated Press) WASHINGTON, Jan. 24.—Discussion of the recent retirement from the army of Major Harbord to accept the presidency of a radio corporation was renewed in the house today. Representative Dickinson, Republican, Iowa, declaring that if General Harbord felt, he said, that he should get out of the army "at the height of his efficiency" he should have resigned.

Mr. Dickinson insisted that his amendment to the army bill denying pay to retired officers engaged by corporations selling to the government was not "a direct slap" at General Harbord. Numerous officers of the army, he said, were employed by corporations manufacturing materials to be sold to the war department and a law was needed to cover the subject.

## GENERAL ALLEN IS WITHOUT INSTRUCTIONS

Coblenz, Jan. 24.—(By The A. P.)—Major General Henry T. Allen, the American commander is without instructions from Washington as to the exact length of time he is to remain in the Rhine-land. The time for the official turning over of the American zone to the French has not been decided on but it probably will take place next Saturday or a few days later. A squad of about 100 officers and men will remain here with General Allen for the final settlement of American affairs.

New York, Jan. 24.—Former head of an international band of forgers and swindlers whose operations netted them hundreds of thousands of dollars, Charles Fischer, 70, fell a foul the law again today for substituting a brass slug for a nickel in a subway turnstile. He was sentenced to ten days.

Fischer, according to investigators has led a life of crime since 12 and has spent many years in prisons here and abroad.

Chicago, Jan. 24.—Mrs. Abigail 104, died today at her home. She was born in Holden, Mass., and lived for many years in Aurora, Ill.

## CLAIM SUPPLY OF EMBASSY LIQUORS IS NOW CURTAILED

### Results from Alleged Statements of John L. Lynch

(By The Associated Press) WASHINGTON, Jan. 24.—The supply of embassy liquors which police declare have found their way into the bootleg trade of Washington was declared by enforcement officers tonight to have been curtailed as a result of alleged disclosures by John J. Lynch, who was arrested in a recent raid on his apartment when a quantity of Scotch and rye whiskeys and imported champagnes were said to have been seized.

Lynch in an affidavit according to the police, named one legation as a source of his supplies and they added that they had been promised further information that would "Rock the city" and might result in some step to request the state and treasury departments to curtail the supplies of intoxicants received thru diplomatic permits.

Published reports attributed to anonymous police sources that some liquor seized in the recent raid had come from the Cuban legation resulted in a visit to the state department of legation charge, Arturo y Almeda and a public statement by him that he was in entire ignorance of any "alleged selling of liquor" at the legation.

At the state department he is understood to have inquired of Under-Secretary Phillips if there was any truth to the published stories that Lynch had named the Cuban legation in an affidavit as one source of his supplies as a midwestern, between diplomatic sources and bootleggers in the national capital. He was said to have been told that no such information had been laid before the department officially.

High federal prohibition officials remained silent today, refusing to discuss the case at this time, but it was said that Edgar N. Read, divisional chief of prohibition enforcement officers here had taken under consideration the affidavit signed by Lynch with a view to recommending its report to the state department if the facts warranted.

Employees of embassies and legations as well as their officers it was pointed out are immune from arrest but the state department it was explained can make suitable recommendations to any embassy or legation in the matter. Raids here during the past six months have disclosed some liquor of an apparent high grade and to all appearances of foreign manufacture. Thru statements made by Lynch in his affidavit the police believe they have located one of the principal sources of such intoxicants.

Lynch's patrons according to his books, officials said, included not only well known citizens and members of society here, but hotels and bootleggers.

## TELLEGEN AND FARRAR MAY KISS AND MAKE UP

(By The Associated Press) NEW YORK, Jan. 24.—Reports of a possible reconciliation between Geraldine Farrar and John Tellegen were revived today after Arthur H. Schwartz, counsel for the actor had obtained a postponement until Monday of a referee's hearing in a divorce brought by the diva.

The attorney said he had asked for the postponement in order that he might receive from Mr. Tellegen, now in Los Angeles, a reply to a letter asking whether there was any truth in reports of a reconciliation. He denied that the continuance had been sought by his client and emphasized that he merely desired to ascertain whether there was anything to the report that Mr. Tellegen recently had sent a bouquet to the singer in Lynn, Mass.

Mr. Tellegen had been quoted in dispatches as denying that the flowers came from him, and referring to the death today of Mrs. Henrietta Farrar, mother of the opera star the attorney said:

"Mr. Tellegen will be grieved to hear of Mrs. Farrar's death. I should not be surprised if he sent a telegram of condolence to Miss Farrar."

Miss Farrar, who was in Canada on a concert tour, is expected to return to New York tomorrow.

## LEAVE GERMAN CREWS IN CHARGE OF TRAINS

London, Jan. 24.—A Reuter dispatch from Essen says that after their decision to isolate the Ruhr, the French are taking complete control of the railways, but so far as possible are leaving the Germans to operate the trains. The French declare that should the German decline to continue their work on the railways there are sufficient French drivers in the region to maintain the principal services. Six hundred French drivers and firemen have already entered the Ruhr, and more are arriving daily.

## SUGGESTS REPEAL OF SACRAMENTAL WINE PRIVILEGES

Would Take Privilege from Jewish Congregations

(By The Associated Press) NEW YORK, Jan. 24.—Immediate repeal of the Sacramento wine privileges to Jewish congregations as a means of checking the misuse of the privilege was advocated today by Julius Rosenwald, Chicago manufacturer, at the golden jubilee of the Union of American Hebrew Congregations. He appealed to the convention to ask congress to repeal the present system and denounced the religious bodies, Jewish and otherwise who used the wine under the guise of religion.

The need for a world-wide religious revival was voiced by President Harding in a message to the convention. The president declared that the human race was getting away from its religious moorings and expressed the hope that the Hebrew organizations would take the lead in a counter move.

He paid tribute to the strength of Jewish faith and the power and influence of the Hebrew people.

## INDUSTRIALISTS WERE CONVICTED

MAYENCE, Jan. 24.—The six German industrialists headed by Fritz Thyssen who were arrested by the French occupation authorities in the Ruhr for refusing to carry out orders given them to insure reparations deliveries from their reparation plants were convicted today by court martial.

In each instance fines were imposed in francs. The aggregate amount, translated into American money, was \$20,000.

Officials here were unwilling tonight to comment on the judgment of the court but permitted the feeling to spread that it would serve as further proof of the mildness with which the French government is conducting its operations in the Ruhr and an excuse for stronger measures when ordered if further occasion arises to deal with recalcitrancy.

## WANT CATS IN KIEV

New York, Jan. 24.—The American relief administration today received a plea from its representatives in Kiev for funds to purchase cats, which are bringing 10,000,000 rubles with kittens at half price.

Scanty food supplies are rapidly being depleted by a horde of invading mice and there is scarcity of cats because of the number eaten during last year's famine.

## HERRIN SLAYINGS BRING ON HEATED DEBATE IN SENATE

Senators Glenn and Sneed Indulge in Controversy

(By The Associated Press) SPRINGFIELD, Ill., Jan. 24.—A heated fight in the afternoon session in the senate over the appropriation measure asking for \$75,000 funds to be used by the attorney general for prosecution purposes in the Williamson county mine trials, resulting from disorders at the Southern Illinois coal mine between Herrin and Marion, last June in which Senator William J. Sneed of Herrin and Senator A. Otis Glenn, Murphysboro, were principals, added another storm to the legislative session.

The first turbulent action came in the house where Rep. Michael Igoe introduced the three impeachment resolutions effecting the governor, lieutenant governor and state auditor.

Senator Bailey of Peoria in the morning senate session introduced a joint resolution calling for an investigation into the insurance rate making powers of the state and asking that a new insurance code be adopted.

The impeachment resolutions were laid on the speaker's table subject to call and may be referred to a committee for further action. Well informed members claim, however, that the resolutions will not be again before the house for some time while others claim the resolutions will be sent to a committee for a prompt consideration.

Senator Buck of Monmouth precipitated the fight in the senate, one of the liveliest ever witnessed by veteran legislators, when he moved to pass the measure giving the attorney general the \$75,000 appropriation. Senator Sneed in reply offered an amendment at the conclusion of a lengthy speech providing for the prosecution first of the persons responsible for the death of a union miner, the first person killed during the riots basing his claim on the fact that no indictments have been returned.

Senator Glenn, replying to the remarks of the Herrin miner-senator said he was a member of the prosecuting forces of the state and deplored the statements of Senator Sneed that it was necessary for the senate or any body to dictate to the attorney general how he should proceed. Senator Glenn availed himself of the opportunity to make his speech which it was later reported he had prepared to give before the jury in the recent Herrin mine trials, but did not make.

He recited the facts, as he claimed, and enlightened the senate body generally. He paid a special tribute to Delos Duty, state's attorney of Williamson county for his devotion to the trials, altho partially disabled thru illness. He praised Attorney General Brundage as a man of courage, who despite his fears for safety of his life and after he had received threats went into Williamson county and led the prosecution.

The debate gradually grew from its principal point of argument and assumed a guise of capital and labor, with Sneed defending the miners' organization and Senator Glenn attacking it.

Senator Sneed said the people of the state were watching the legislature due to excessive appropriations. He referred to the action of the governor in vetoing appropriation measures asked by the attorney general in the last session and said he believed the governor acted properly.

## PROTESTS SIZE OF I. N. G. APPROPRIATIONS

Washington, Jan. 24.—Vigorous protest against the size of house appropriations for the national guard and reserve officers training corps have been received by the senate appropriations committee revising the war department bill. Major General George C. Rickards, chief of the militia bureau informed the senate committee that the house appropriations instead of providing for expansion of the national guard, would result in a real reduction of strength.

**BERTON BRALEY'S DAILY POEM**

**FLAWS**

By Berton Braley

ON the whole my table manners aren't so bad,  
I am silent in consuming consommé,  
At an early time of life I quit eating with my knife  
And I think I use my fork the proper way.  
I don't ever cut my salad, I don't stoop  
To inhale my coffee audibly as some.  
But—I like to crumble crackers in my soup  
And I like to peel an orange with my thumb,  
I yum.  
I'd rather peel an orange with my thumb!

I SPILL very few potatoes on my vest,  
I drop very little gravy in my lap,  
And mother's teaching lingers so I do not lick my fingers,  
Not get pumpkin pie, regardless, on my map;  
By experience my manners have become  
Quite refined enough for almost any group,  
Still—I like to peel an orange with my thumb  
And I like to crumble crackers in my soup,  
Poor dupe  
I like to crumble crackers in my soup!

THERE are things that social training cannot cure,  
There are vulgar tastes that cannot be denied,  
And though otherwise in terror of the slightest social error,  
Here's a case where all conventions are defied,  
Though it wreck my whole career beyond recoup,  
Though my hostesses and hosts look very glum,  
I shall always peel an orange with my thumb,  
Ho hum,  
I just love to peel an orange with my thumb!

Charles M. Courboin to Appear in Organ Recital at Central Christian Church

Jacksonville will have an opportunity to hear one of the world's greatest organists when, on next Thursday, Feb. 8, Charles M. Courboin will be heard in recital at Central Christian church in this city. Mr. Courboin is touring the country giving recitals in the larger cities and will be in St. Louis next Wednesday. It is thru the efforts of Rev. M. L. Pontius and because of Mr. Courboin's close proximity to Jacksonville that the recital next Thursday is possible.

Mr. Courboin is a native of Antwerp and since early years has evinced an exceptional talent for music, playing at the age of seven the concertos of Mozart and the Haydn symphonies. At twelve years of age he was playing the great organ in Notre Dame in Antwerp. Following a period of intensive study under the great masters Courboin became organist in the Antwerp cathedral which contains the world's largest organ.

Mr. Courboin came to America in 1904 and at one time or another has presided over the most splendid organs in this country. At present he is organist in the Hickory Street Presbyterian church at Scranton, Pa., having recently resigned as guest organist in the Wanamaker auditorium in Philadelphia.

Those who love organ music will be given a rare treat at this time. Mr. Courboin's repertoire embraces over five hundred numbers, all of which are played from memory.

How Backache and Periodic Pains Yield to Lydia E. Pinkham's Vegetable Compound

Olean, N. Y.—"Every month my blood would go to my head and I would have such a headache, nose bleed, backache and pains that I could not do my work. At night I could not get my rest and nothing seemed to do me any good. I read some of your testimonials about what Lydia E. Pinkham's Vegetable Compound had done for others, so I decided to try it. I had only taken two bottles when I began to feel better, and my back did not hurt me nor my head ache. I felt like a new woman. The Vegetable Compound is a splendid medicine and I will always recommend it."—Mrs. A. D. EARLS, 530 N. 6th St., Olean, N. Y.

Edward T. Sanford of Tennessee, a federal district judge since 1908, was nominated by President Harding to be an associate justice of the supreme court to fill the vacancy caused by Justice Pitney's retirement.

Senator Jones, Republican, Washington in charge of the administration shipping bill announced he would attempt to have debate curbed in an effort to bring about a senate vote on the measure in the near future.

As a result of published reports that police attempting to stop "embassy liquor" leaks, has seized a bootlegger from the Cuban legation, the Cuban charge visited the state department and later stated he knew nothing of "alleged liquor selling" at the legation.

REPORT OF WEDDING

J. Herman, 214 South Church street, has received announcement of the marriage of his niece, Miss Hilda Nussbaum, at the home of her parents, Mr. and Mrs. Julius Nussbaum, in Mexico, Texas. The Mexico newspaper, clipping of which was enclosed, spoke in the following terms of the ceremony:

"The bride was unusually attractive in a three piece suit of blue pique with gray trimmings with hat, gloves and shoes of gray. She came in with her father. The groom with his best man, met his bride just within the double doors between the music and living room. A lattice work on which southern smilax trailed its lovely self in abandon, framed the opening. An exquisite basket containing pure white carnations and tied with fairy light maline was hanging just above the bride party. Carnations with their spicy fragrance and beautiful trailing fern were used throughout the entertaining suite.

"They left on the noon train Wednesday for San Antonio, from where they will go direct to Los Angeles, California, to live."

SENATIONAL OPENING  
OF BIG POULTRY SHOW

New York Jan. 24—The annual Madison Square Garden Poultry Show, ordinarily staged, had a sensational opening today when the management posted notices of a \$500 reward for information leading to the arrest of persons responsible for mutilation of prize winning Leghorns entered by George D. Ferris of Grand Rapids, Mich.

When the cocks and cockerels were uncrated on their arrival from the west their tails were found to have been so badly mutilated as to compel Mr. Ferris to withdraw them from exhibition. It was recalled that a shipment of entries to the Chicago Coliseum show last December had met with similar mutilation. The police guard at the garden, which is housing valuable fowls of all varieties from many parts of the country was doubled.

Mrs. Gene Bailey, Miss Mary Sudbrink and Miss Ruth Wey motored to the city yesterday from Virginia and spent the day with friends.

BROTHERHOOD TO  
ESTABLISH BANK  
IN NEW YORK CITY

Owned Exclusively by  
Labor Union with  
Various Branches

(By The Associated Press)

NEW YORK, Jan. 24—The Brotherhood of Locomotive Engineers which Monday purchased a large interest in the Empire Trust company today announced that within a week it would apply for a charter for a bank in New York City to be owned exclusively by the labor union with branches located throughout the Metropolis.

Purchase of the Empire Trust company stock, accompanied by the election to its directorate of two of the brotherhood's high officials in no way interfered with our plan of opening several banks in the city of New York, Warren S. Stone, president of the union announced. He, with William B. Prenter are the new directors of the Empire Trust.

"In fact," Mr. Stone continued, during the coming week I expect to apply for a charter for a bank in New York City to be operated under the name of the brotherhood and owned exclusively by members of the organization. It will be operated on comparative principles that have proved so successful in Cleveland and elsewhere.

"Directors of the new banks with its branches to be placed in advantageous locations throughout the city, will be officials of the Brotherhood of Locomotive Engineers.

It has been the purpose of our organization to further peace, liberty and justice," said Mr. Stone, relative to the union entry on such an extensive scale into the field of banking in New York City, where no labor organization hitherto had official connection with a financial institution.

"By entering the field of economics thru banking the Brotherhood feels it would be enabled to exert an influence that will further develop those principles which underlay all our endeavors."

BREAKDOWN HAS HAMPERED TRADE OF ENTIRE WORLD

British Financier Speaks of the Situation in Europe

(By The Associated Press) LONDON, Jan. 24.—Presiding today over the annual meeting of the London Joint City and Midland Bank Ltd., Reginald McKenna, former chancellor of the exchequer, declared the commercial breakdown of central and Eastern Europe was not only destructive of the markets there but must hamper this country's export trade more or less the world over.

He declared there had been a reduction in the purchasing power of Great Britain and Ireland during 1922 of more than 200,000,000 pounds, which meant diminished trade and increased unemployment but he said, if there were no further efforts toward deflation, trade would recover.

He admitted that deflation tended to improve the value of the pound straight sterling but thought exchange would rise to par if there were no deflationary efforts and that the country would be spared the evils of trade depression and unemployment unless the financial policy again was reversed in America.

## GERMANS CONTINUE POLICY OF RESISTANCE

(By The Associated Press)  
DUESSELDORF, Jan. 24.—With their eyes turned toward the Mayence court martial, the Germans in the Ruhr today continued their policy of resistance by refusing to obey the orders of the forces of occupation while the French proceeded to further repressive measures. The number of expulsions of officials since midnight of January 20 now totals 23. The director of customs of the Dortmund district has been arrested, thus recording the first incarceration since the industrial magnates were taken into custody last Saturday and held for trial by court martial.

Instructions received in the Ruhr from the minister of post and telegraphs in Berlin to decline to afford any telephonic communication requested by the French military has been countered by the French who have taken charge of the Bochum, Dortmund and Essen telephone exchanges and are operating them.

Mining operations thruout the Ruhr yesterday reached 85 per cent of the normal output. The railroads received requests from various mines for 13,675 empty coal cars to load day's production while the normal demand is 22,000. The general management of the railroads had only 10,826 "empties" available indicating that many cars previously loaded have not been returned to the Ruhr and many empty cars had been rushed across the frontier into Germany before the French could get a complete check on the roads.

**HUMAN SOCIETY SEES TO PROTECT LIVESTOCK**

The Morgan County Humane society has called attention to the fact that many owners of stock do not seem to realize that these animals need more attention in cold weather than they do in warm. More feed should be given in the winter and there should be some additional care as to bedding, shelter, etc., in stormy weather. Horses should be blanketed after driving and should be well shod if traveling over icy pavements or roads.

Boys and girls who drive horses to school should see that the animals are provided adequate shelter during the day. There are state laws covering all these points and persons who are not familiar with the laws should become so. Copies of the law relative to the treatment of livestock may be had at the elevators, livery stables, blacksmith shops or from the officers of the Humane society.

### SALESMAN SAYS TROUBLE'S OVER

Popular Chicago Man Declares Tanlae Completely Overcame Indigestion—Gained 10 Pounds

"Taking Tanlae marked the end of all my troubles and now my cheerful, happy, enthusiastic appearance is getting me more and better business from my customers," recently declared Joseph Goodman, 212 S. Clark St., Chicago, Ill., a widely-known shirt salesman.

"Besides that, I've gained ten pounds, and I have so much vim and pep that I can carry a heavy grip full of samples all day without getting weary."

"Indigestion and a general run-down condition had me about 'all in.' My appetite almost failed me and, the little I ate caused sourness, shortness of breath and stomach pains; in fact, my body was full of sharp pains. I was thin and pale, suffered dreadfully from headaches and dizziness, and was often very weak and shaky. I was so nervous I could hardly sleep at night and mornings I would tire out soon after I got on the job."

"I'm certainly grateful to the salesman who tipped me off about Tanlae. Why, I eat like an ironworker now, my nerves are like steel, and I sleep like a boy. Tanlae sure makes a fellow feel fine and that's why I boost it every chance I get."

Tanlae is for sale by all good druggists. Over 35-million bottles sold.—Adv.

MAKES THE DEAF HEAR

Remarkable Invention, Enables the Deaf to Hear All Sounds Clearly.

Everyone who is troubled with deafness in any form will be interested in the announcement of the Dictograph Products Corporation, Suite D1304 No. 220 West 42nd Street, New York, that they have at last perfected a device which will enable every one whose auditory nerve is not entirely destroyed to hear as perfectly as one whose hearing is normal. To test it thoroughly they sent it to a number of people who had been deaf for years and they report most gratifying results. Many state that they hear the slightest sound with perfect ease and that their natural hearing has been greatly improved. The manufacturers are so proud of their achievement and so confident that every deaf person will be amazed and delighted with it, that they offer to send it to anyone by prepaid parcel post on ten days' free trial. (They do not ship C. O. D., nor do they require any deposit, but send it entirely at their own risk and expense, allowing the user ten full days to try it and decide whether they want to keep it or not. As there is no obligation whatever, everyone who is troubled with deafness in any form should take advantage of this liberal free trial offer. Just send them your name and address for descriptive literature and free trial request blank.—Adv.

### I. C. GIRLS GLEE CLUB TO GIVE CONCERT

Program of Tonights Musical Event Promises Fine Numbers.

Unusual interest is displayed on every hand in the concert given tonight at the High school auditorium in that this is Mr. Arnold Lovejoy's first appearance as a chorus conductor.

Those who heard Mr. Lovejoy

Mr. Arnold Lovejoy recalled early in the fall will remember the equal success of that occasion and those who did not hear the recital have had only the keenest regret at their loss. Mr. Lovejoy has now thoroughly established himself as a singer of parts, as a voice teacher of distinction in Jacksonville.

Tonight however, Mr. Lovejoy will be seen in a musical work new to Jacksonville audiences—namely as a chorus conductor. The Illinois College Girls Glee Club is the organization to sing the program listed in the column. The few who have heard the glee club rehearsing believe that this is to be the best concert of its kind ever heard in Jacksonville.

Mr. Lovejoy's insistence upon clean attacks, mezzo voice as well as vigorous tone and his unbounded enthusiasm has whipped this organization into such ensemble as to make their singing notable. Following is the program:

### TRANSFER TO BE EVEN EXCHANGE OF WORKERS

The transfer in the local Salvation Army personnel will be one on even terms, Captain and Mrs. H. B. Alsop of Lincoln coming to Jacksonville and Lieutenants Hall and Weber going to Lincoln Feb. 1. Such changes make for increasing interest in the work by reason of the variety of ideas and personalities. The two men who are leaving have accomplished a great deal in getting the work of the army before business men, as well as in the practical relief work of the organization. Captain and

Mrs. Alsop have made a good reputation in Lincoln, and will be welcomed to Jacksonville by friends of the work.

\$1.12 to \$1.12 1/2; corn finished 2 1/2  
to 1 1/2 @ 1 1/2 up, oats up 2 1/2 to  
3c, and provisions at an advance  
of 2 to 17c.

Sentiment in favor of higher  
prices for wheat began to de-  
velop shortly after the open-  
ing, when the fact became  
apparent that depression in the  
Liverpool Market and in the  
foreign exchanges rates was  
telling to create about any particu-  
lar pressure to sell here. Bulls  
put stress on evidence purporting  
to show that wheat was low as  
compared with other commodities  
and on talk which was current  
that Russia would be out of the  
export business for at least a gen-  
eration.

The most striking upturn of  
prices in the wheat market how-  
ever came after the fact was  
generally known that a step for-  
ward had been taken at Wash-  
ington to create the revolving fund  
of \$250,000,000 proposed by Sen-  
ator Norbeck. On the bulge,  
which ensued in the market sell-  
ing broadened out and reactions  
followed the chief ground for  
bearish views being apparently  
uneasiness in regard to possible  
results from continued discus-  
sions in Europe.

Corn and oats were firm the  
greater part of the day as a result  
of the government report which  
placed the number of hogs on  
farms on Jan. 1, far in excess of  
the previous year.

Provisions were rather easy in  
sympathy with hogs and on the  
liberal number of hogs on farms  
as shown by the government re-  
port.

Letters announcing the dates of the Central and Final examinations in the public schools of Morgan county are being sent to the teachers by Supt. H. H. Vancocellos. The central will be held on Friday, March 2nd, and will be conducted by the teachers in their respective schools.

Questions will be based on the seventh and eighth years' work and will be on subjects of Reading, Writing, Arithmetic, Spelling, Geography, U. S. History, Grammar, Physiology and Agriculture. ### C. OF C. TO HOLD BOOSTER MEETING

Mayor, Members of City Council and Other City Officials Will Be Present.

The Chamber of Commerce members are looking forward to a real, rousing booster meeting to be held at the organization headquarters on Tuesday evening, January 30th. President J. M. Dial has arranged for what is to be called a "Better Jacksonville Meeting" at this time and Mayor E. E. Crabtree, members of the City Council, City Clerk, Jewell Scott, City Engineer, E. E. Henderson, Chief of Police, Frank Kiloran, Fire Chief, Samuel Hunt, Water Works Engineer, George Stoldt, Street Superintendent, P. J. White, Superintendent of Water Department, Harry Cobb and other city officials will be present.

At this meeting these city officials will outline to the Chamber of Commerce members in short talks, what they would like the citizens to do in assisting them to make their departments more efficient in 1923. Jacksonville's city administration is known far and wide for its progressive ideas and has been written up in a number of newspaper throat United States. The officials are not satisfied however and wish to secure the cooperation of the Chamber of Commerce and citizens in general to assist them in making their departments 100 percent efficient.

Entertainment committee chairman Arthur Cody will have a good program of entertainment and refreshments planned and it is anticipated that this will be one of the banner meetings of the winter season for the Chamber of Commerce.

Notices to the members in the form of news letters will be sent out from the Chamber of Commerce offices the latter part of the week informing them of the meeting. In this letter will be included the 1923 membership cards which each member of the organization carries with him. A resume of the last six months' work of the Chamber of Commerce will also be mailed to the members at this time.

### ST. LOUIS C. OF C. TO HOLD CONFERENCE

The St. Louis Chamber of Commerce is arranging for a conference to be held February 5, 7 and 8, which will be known as a "Move-More-Merchandise" conference. Hundreds of merchants residing in Southern Illinois, Arkansas, Oklahoma, Missouri and Iowa will attend this meeting and the St. Louis Chamber of Commerce has arranged for special reduced rates on the railroads for this occasion.

Jacksonville merchants will be interested in this affair as many of them go to St. Louis markets and can attend this conference while in the city. The stage from which the speakers will talk will represent a retail store and many who will make addresses on retail problems are of national prominence in the business world. Actual demonstrations in show card writing, window display methods, store management, newspaper advertising and other features of the retail business will be given at this conference.

Merchants desiring any further information on this matter may secure it at the local Chamber of Commerce headquarters.

### MATINEES MAY BE HELD HERE

Prospects For Training of Several Strings of Horses At Local Fair Grounds.

If plans now under way materialize Jacksonville may become the headquarters for a number of racing strings and matinee races will probably be staged here during the summer months. The members of the committee recently appointed by the Morgan County Fair association to inquire into the possibility of securing a longer lease on the fair grounds, are proceeding in their work and if their efforts are successful, additional racing stables will be erected on the grounds.

A number of race horse men in the surrounding counties are desirous of making the Jacksonville fair grounds their training headquarters for the coming season, training their horses here for entrance in county fairs in this section of the country. The enlargement of the accommodations at the local fair grounds would enable a number of strings to have their headquarters in the city and would mean something new in the sporting life of the community. If this is accomplished there would probably be several matinee races in Jacksonville during the coming summer. Matinee races on the 4th of July would be a feature of the season.

### WESTMINSTER NOTES

The Airplane race in the Bible school finds Miss Margaret Moore's class in the lead. Church attendance is also being marked. The Young People's choir are now wearing simple robes. Some male voices are soon to be added.

The George Kleine production of Shakespeare's "Julius Caesar" will be shown next Sunday evening. This is one of the most impressive things ever brought out by Kleine. "Brutus" the idealist is the subject of the sermon. The "Hi Y" pronounced the final supper given last Tuesday, as the best one yet. Mrs. John T. Gunn and her committee deserve hearty praise for the successful series of suppers.

### FORMER RESIDENT IS ILL IN SPRINGFIELD

Mr. Pervis prior to removal to Springfield nine years ago was a resident of this city, and for twenty more years was employed by Hall Bros. on South Main street. He has many friends here all of whom will regret to know of his illness.

Shortly after the opening at 7:30 one-tenth of the total number of bonds subscribed some time ago for the purpose of raising funds for a new home, will be redeemed. ### GREAT MUSICAL REVUE COMING MONDAY

Generally credited with being the gayest and snarliest of all the current revues, the second annual edition of the all new Greenwich Village Follies comes to the Grand Theatre Monday Jan. 29. This fleet and highly pictorial annual is not to be confused with the first of the fantastic series well remembered for the remarkable furor it created when seen here last year. For eight months last season it played to enthusiastic audiences at the Greenwich Village and Shubert theatres in New York.

The Greenwich Village Follies is devised and staged by John Murray Anderson. To him goes the credit for its superb artistry. Employing silk drapes and hangings, silver curtains, and exquisitely beautiful fabrics in his costuming, Mr. Anderson with a highly imaginative sense of stage lighting has provided a frame for the antics and comicities of his player that intrigues the eye. His creation is never farish, never over-colored. It has none of the gingerbread qualities that identify the scenic display in so many of our musical shows.

Mr. Cook was said to have stood the operation well and to be in good condition despite the injury.
